

PINNACLE® *Vertical Blinds*

2021 Product Reference & Price Guide

Pinnacle® Vertical Blinds

program summary

- Headrail available in Anodized Aluminum or Bronze.
Bronze finish available until inventory is depleted.
- Heavy-Duty vertical track system capable of rotating and traversing at widths up to 240".
- Self Aligning Vanes
- For residential and commercial applications.
- Tight 1/4" gap on the control side of inside mount.
- Designer PVC pattern and color choices available.
- Unique hook (stem) replacement feature allows for hook (stem) replacement without un-installing or disassembly of headrail.
- Available with cord control or wand control
 - Wand lengths available 24", 36", 48", and 60".
 - Cord position available right or left.
- Stack Options: One-Way, Split Draw, Center Stack, Opposite Stack and Off-Center Stack.
- Sloped (angled) option available.
- End caps conceal internal parts for a finished appearance.
- Carriers are only 5/16" wide, resulting in very tight stacking.
- Maximum Width - 240"
- Minimum Width - 10"
- Maximum Blind Weight - 65 lbs

Heavy-Duty Headrail Available in Anodized Aluminum and Bronze (*Bronze finish available until inventory is depleted*).

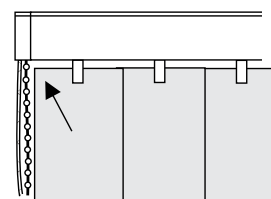

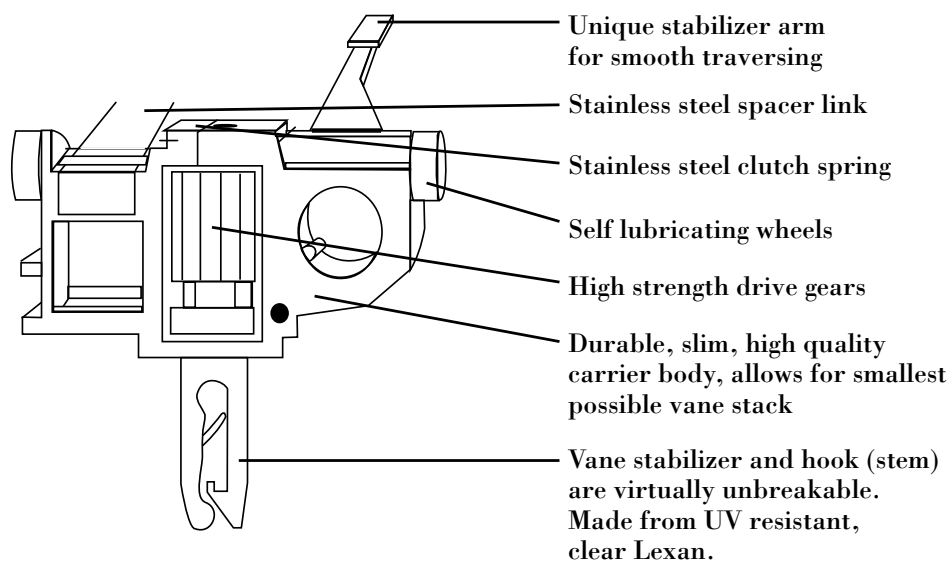

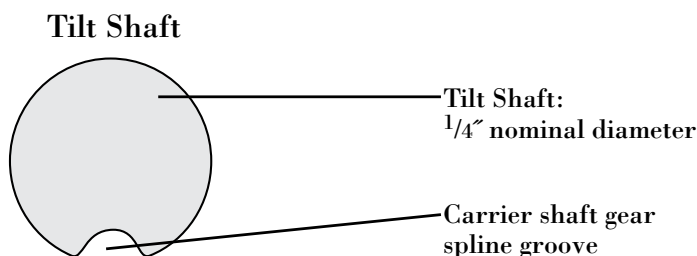

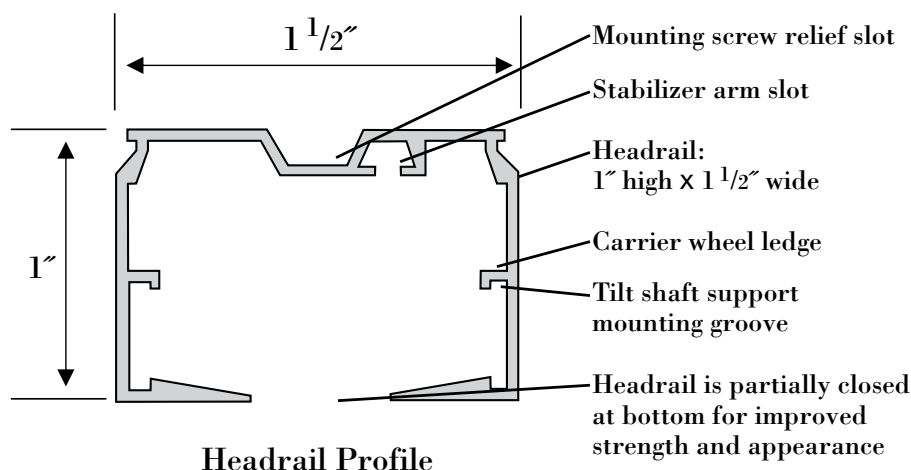

A Broad Selection of Designer PVC Patterns and Colors Are Available Item # PNVB-2018

Pinnacle® Vertical Blinds

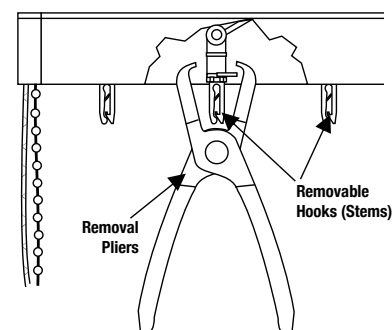

product details

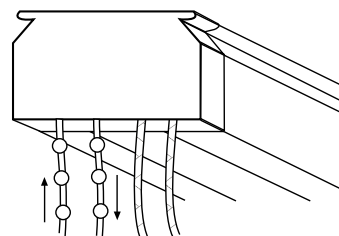

Tight 1/4" light gap on the control side of inside mount blinds.

Tightest stacking available for a clean, custom fit.

Use hook (stem) removal pliers to remove hooks (stems) without un-mounting the headrail.

Self-align vanes by pulling the beaded chain until vanes rotate 180° in each direction.

Pinnacle® 3 1/2" PVC Vertical Blinds

components and options

Vertical Blind Components

Valance Option

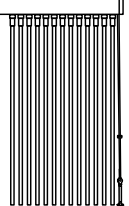

Stack Options

One Way Stack

Vaness stack to one side of track.

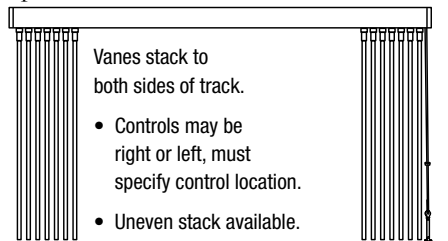

- Controls and stack on same side standard.
- Controls on opposite side of stack available, must be specified.

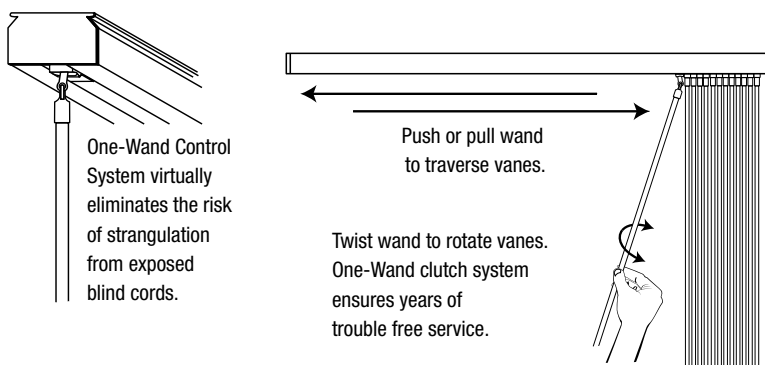

Split Stack

Vaness stack to both sides of track.

- Controls may be right or left, must specify control location.
- Uneven stack available.

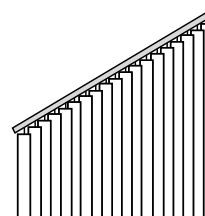

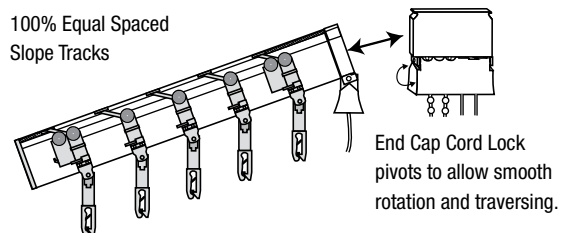

One-Wand Control System

Slope Options (*call for quotation*)

100% Equal Spaced Slope Tracks

The number of vanes is determined by the bottom width of the window opening and remains the same regardless of angle or track length.

Pinnacle® 3 1/2" PVC Vertical Blinds

warranty information

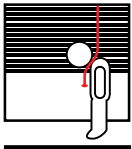

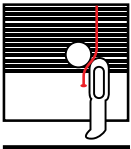

Limited Life Time Warranty

The Pinnacle® Vertical Blind is warranted against original defects in materials and workmanship for the lifetime of the original purchaser, provided that the product was properly installed and in a residential dwelling. The warranty does not cover condition or damage caused by accidents, alterations, misuse or failure to follow instructions for measurement, installation, cleaning or maintenance. In addition, normal wear and tear is not covered by the warranty. Three year warranty on cords. This warranty does not cover labor cost for measuring, removing or re-installing the blind. To obtain service, contact the dealer or decorator from whom you purchased the product. Warranty claims must be accompanied by the original sales receipt as well as details regarding the nature of the problem, location of the blind, etc. Repair or replacement will be made at the discretion of Selective Enterprises, Inc.
